

## EXPANSION MODULE 3: HOME COMPUTER

Computers are playing an increasing role in the lives of most people. Children, particularly, are becoming more conversant with the functions and uses of computers as evidenced by the increasing penetration of home computers in schools.

The CBS ColecoVision™ Home Computer Expansion Module allows conversion of the CBS ColecoVision™ video game system into a sophisticated Home Computer. The flexibility of this design allows numerous advantages for the consumer and is an important feature of the CBS ColecoVision™ system.

## EXPANSION MODULE 1: ATARI CONVERTER

The First Expansion Module is the Atari® Converter Module. This expansion module allows Atari® V.C.S.™ software cartridges to be played on the Colecovision™ console. Simply plug the Atari® converter via the Expansion Module Interface and the entire library of Atari® V.C.S.™ cartridges become available to the CBS Colecovision owner. Alternatively, existing Atari® owners can purchase the CBS Colecovision™ video game system without discarding their software library.

## EXPANSION MODULE 2: TURBO DRIVE MODULE

The Turbo™ Driver Expansion Module allows you to actually drive the vehicle which appears on your T.V. screen. The Turbo™ Driver Expansion Module consists of a steering wheel, dashboard and accelerator pedal. One CBS Colecovision™ hand controller is mounted in the dashboard to provide a gear change unit. With the Turbo™ Driver game cartridge (provided with the unit) plugged into the CBS Colecovision™ console you actually drive your way through towns and tunnels and negotiate obstacles and hazards in this hair raising race. More games will soon be available which make use of the Turbo™ Drive Module

## VIDEO GAME CONSOLE

The CBS Colecovision™ video game system has advanced technology which produces superlative graphic resolution and excellent sound effects. The styling of the console and hand controllers has been carefully researched; the console is designed to complement modern hi-tech equipment and has clear features for easy operation. The hand controllers allow fingertip control via the 8 direction joystick and feature 2 independent fire buttons. The push button keyboard is used for game selection and also for game control with some cartridges. The hand controllers, which are detachable and have 6 feet of telephone coil cable, are conveniently stored in the CBS Colecovision™ console when not in use. The CBS Colecovision™ console expands in function through the Expansion Module Interface for which 3 Expansion Modules are available at this time.
